

## Church Wardens report for the year 2019

This year has been a change and for us all as we welcomed the prospect of a new vicar to lead us through the next few years .

The parishes of Wilden Colmworth Ravensden Keysoe and Bolnhurst are to be united as one Benefice, lead by the Rev Timothy Wilson, although this will not be completely settled till 2020 we have something positive to look forward to.

We have been slightly quieter this year but the events, valuation evening, BBQ and bangers and mash, have been well attended and enjoyed by many and once again well worth the hard work put in by all.

The coffee mornings remain very popular and continue to unite the village and although the attendance at church hasn't increased, the feeling of friendship and support to each other has been so important.

Pete Clark continues to keep our churchyard tidy by mowing the grass regularly and keeping areas to preserve the wildflowers, the rabbits however continue to be a problem and we have had to put up notices to warn people of the holes especially as a public footpath route is through the churchyard.

Once again many thanks to everyone's hard work towards keeping our church open and thriving . Wendy for keeping our finances in check and still having to work her way through the continuing changes in the parish share.

Florence for keeping us all informed and her brilliant work as secretary

Margaret for her invaluable opinions and James my fellow Church Warden for all his support .

Finally thank you all once again for your kindness and friendship .
